

SNUMBOOK

SKILLS NUMERACY BOOKLET

1 NUMBER DISCRIMINATION

**MARY GRACE M. BUENVIAJE
TEACHER III**

PREFACE

Imagine yourself holding a delightful booklet titled "**SNUMBOOK**." But this is no ordinary book; it's like a magical key that opens the door to the fascinating world of basic math from the comfort of your own home. As you flip through its pages with your parents, you'll discover an incredible number of activities just waiting for you to discover and enjoy.

This booklet has something for everyone, whether you're a young explorer taking your first steps into the world of numbers or an adult looking to reconnect with math from years ago.

This booklet is divided into the following sections:

- **TASKS.** This is the lesson application that will process the student's knowledge and skills. This will be an enrichment task to help you become more familiar with the concept and ideas.
- **ASSESSMENT.** This is a set of learning tasks used to assess students' understanding of the concepts and ideas presented in each lesson. This allows the learner to gain a deeper understanding of the subject matter.
- **REFLECTION.** This is an activity where the students will rate their understanding of the lesson and share the involvement of their parents as they completed the activities in the booklet.
- **LEARNERS PROGRESS REPORT.** This is the summary of scores obtained from the different activities. It also contains the comment of the teachers regarding the progress of the students on the topic.
- **REFERENCES.** These are of sources used in the creation of the booklet.
- **KEY ANSWER.** The set of correct answers in the various activities for the reference of the teacher.

Remember, there's no need to rush. This journey is all about steady progress and support. So, take your time, pause, and take a breather whenever you need, and approach each new challenge with a sense of determination. Math is like a puzzle, and you have all the time and support you need to piece it together at your own pace.

Whether you're just starting your mathematical journey or continuing to build on what you know, I invite you to open your heart to this booklet and embrace the knowledge that your efforts truly matter. Let's embark on this math adventure together, one step at a time.

With patience and encouragement,

Teacher Maria

SNUMBOOK

SUPERNUMBOY

I AM YOUR MATHPAL!

1 NUMBER DISCRIMINATION

THIS BOOKLET BELONGS TO:

NAME: _____

SECTION _____

HOW TO USE THIS

If you are serious about improving your mathematics skills, SNUMBOOK is a must-have! It is easily accessible whenever you need it to help you get better at arithmetic or better grasp fundamental ideas. The best part about this booklet is that it allows one to work with the guidance of parents, who may serve as reliable mentors.

To the students, the SNUMBOOK was designed for students to provide fascinating tasks that will help you enhance their core math abilities. Each booklet focuses on a different math ability. Take it one step at a time, finishing one booklet before moving on to the next. Before moving forward, it is critical to fully understand each talent. Do not be afraid to ask your parents for help as you go through these exercises.

To the teachers, these home-based enrichment activities are a valuable tool for strengthening math skills and grasping key concepts. They offer a structured approach and enable students to work with guidance from their parents. Your role is to support both students and parents in establishing a consistent schedule for completing these activities. Additionally, you should provide clear instructions to ensure students understand the expectations, review, and correct mistakes once the booklets are submitted, maintain a record of completed tasks, track students' progress, and encourage them to reflect upon their work after each set of tasks is completed.

To the parents, your involvement in these home-based enrichment activities is important for your child's success and the development of their mathematical abilities. Since these pursuits take place in the comfort of your own home, you bear the responsibility of ensuring that your child has access to a conducive learning environment, providing appropriate supervision, establishing, and sticking to a regular routine, checking in on his or her progress, and encouraging a growth mentality.

OBJECTIVE: Compare numbers using the symbol $<$, $>$, and $=$.

TASK 1: WHICH NUMBER IS BIGGER?

DATE:	TIME STARTED:	TIME ENDED:	SCORE:
-------	---------------	-------------	--------

Hey there! I'm SuperNumboy, and I hope you're feeling awesome!

Are you all set to use your brainpower? I bet you're feeling pretty excited!

So, here's your first task: I need you to **pick the larger number from each pair** I'm about to throw at you. Just **shade the box of the truck** that matches your answer. Easy peasy, right? Let's dive in and have some fun!

1.  

6.  

2.  

7.  

3.  

8.  

4.  

9.  

5.  

10.  

How's it going? Was that first task easy for you? Now, get ready for round two! If you're up for it, let's jump into the next challenge. Ready? **Here we go!**

TASK 2: WHICH NUMBER IS LESSER?

DATE:	TIME STARTED:	TIME ENDED:	SCORE:

Alright, buckle up for the next challenge! Your task this time is to figure out **which number has the smaller value** in each pair. It's like being a detective for numbers! Here's the twist: once you make your choice, **cross out the weighing scale** that represents your answer. Choose wisely!

Great job! You're rocking it! Feeling pumped for the next challenge?

Alright, let's dive into task number three! Get ready, because here comes the next adventure.

Ready, set, go!

TASK 3: AM I GREATER THAN, LESS THAN OR EQUAL?

DATE:	TIME STARTED:	TIME ENDED:	SCORE:

Hey there!

Grab your trusty pen because it's time for a little writing adventure. I need you to **fill in** the blanks with **either "greater than," "less than," or "equal to."** And, of course, let's keep it neat and tidy! Get ready to make those comparisons!

Hey, is the activity wearing you out a bit?

No worries! Take a breather for about **5 minutes** and recharge those batteries.

All set? Break time's over! If you're feeling refreshed and ready to roll, let's jump into the fourth task. Ready for the next challenge? **Let's do this!**

TASK 4: IS IT ORANGE OR LEMON?

DATE:	TIME STARTED:	TIME ENDED:	SCORE:

Hey there! Hope you're enjoying the activities. Now, let's talk fruits! We've got oranges and lemons in the spotlight. Your task is to **choose the fruit that makes the statement correct**. Once you've made up your mind, go ahead and **circle that fruity answer!** 🍊 🍋 Ready to add a burst of citrusy correctness? Let's go!

1. 10 is greater than ( 12 ,  8).
2. 27 is less than ( 25 ,  36).
3. 56 is equal to ( 65 ,  56).
4. 125 is greater than ( 120 ,  146).
5. 247 is greater than ( 456 ,  245).
6. 18 is greater than ( 12 ,  28).
7. 34 is greater than ( 45 ,  26).
8. 63 is greater than ( 37 ,  92).
9. 100 is greater than ( 200 ,  50).
10. 325 is greater than ( 326 ,  324).

Hey, do you enjoy eating on some delicious fruits? I sure hope so!

Now that you've hopefully had your fruity fix, let's dive into task number five. Ready for the next challenge? **Let's keep the momentum going!**

TASK 5: YES, OR NO?

DATE:	TIME STARTED:	TIME ENDED:	SCORE:
-------	---------------	-------------	--------

Alright, it's time to put your thinking cap on!

I've got a series of questions for you, and I want you to answer with a confident **"Yes"** or **"No."**

Take a moment to really think through each question and give your best response. Ready to showcase that understanding?

Let's get started!

- 1. Is 12 greater than 24?
- 2. Is 16 less than 13?
- 3. Is 26 equals to 62?
- 4. Is 86 greater than 75?
- 5. Is 93 less than 109?
- 6. Is 75 equals to 75?
- 7. Is 165 greater than 169?
- 8. Is 568 less than 865?
- 9. Is 879 equals to 897?
- 10. Among 235, 238, 231, is the smallest number 238?

Great job on finishing this task! Analyzing can be a bit of a brain workout, so kudos to you!

Feeling energized and ready for more? Awesome!

Let's dive straight into the next task. Ready or not, here we go!

TASK 6: LET US COMPARE!

DATE:	TIME STARTED:	TIME ENDED:	SCORE:
	_____	_____	

Alright, let's kick it up a notch! We're diving into the world of number comparisons.

Inside those circles, I need you to **use the symbols $>$, $<$, or $=$** to show how the numbers compare. Precision is key, so choose those symbols wisely! Ready to bring some mathematical magic? Let's do this!

1. 61 16

7. 98 85

2. 18 19

8. 167 671

3. 27 27

9. 2, 456 2, 456

4. 56 42

10. 6, 786 3, 452

5. 87 96

6. 52 52

Fantastic job on completing all six tasks!
It's a great feeling, isn't it?
Now, before you turn in your booklet to your teacher, make sure to review everything.

If you have any questions or need clarification, don't hesitate to ask.

It's important to feel confident about your work before taking the assessment.
You've got this!

ASSESSMENT

DATE:	TIME STARTED:	TIME ENDED:	SCORE:

It's showtime!

Time to put those newly acquired skills to the test. Remember everything you've learned from the tasks, and do this assessment with confidence. You've got the knowledge, and I believe in you!

Best of luck! You've got this!

Compare the following numbers. Use symbols $>$, $<$ and $=$.

1.	45		54
2.	18		16
3.	23		23
4.	87		90
5.	19		15
6.	36		63
7.	765		576
8.	834		975
9.	8, 678		7, 988
10.	3,567		6, 932

Hooray! 🎉 You've reached the finish line! Congratulations on completing all the tasks and assessments.

Well done on reaching this point, and I hope you feel a great sense of accomplishment!

Now, go to the reflection part of this journey.

TIME TO REFLECT

Great job on completing all your tasks and assessments! Now, let's take a moment for reflection.

Draw a **happy face** next to the statement that best represents your level of understanding of the lesson.

And don't forget to share a bit about your parents' involvement in completing the activity. Their support and involvement can make a big difference!

	I UNDERSTAND IT AND CAN TEACH IT TO OTHERS.		I THINK I UNDERSTAND IT, IM STILL GETTING SOME ITEMS WRONG.
	I UNDERSTAND IT.		I DON'T GET IT I NEED HELP.

1. Did your parent help you in completing your tasks?

YES

NO

2. How did your parent help you in completing your activities? Check all that applies.

- _____ Provides me nice learning environment to do math.
- _____ Spends time with me while I am doing my activity math at home.
- _____ Assists me when I am confused.
- _____ Motivates me to learn math well.
- _____ Checks me if I am doing the math activities right.
- _____ Talks to me about my new learnings.

SIGNATURE OF STUDENT

SIGNATURE OF PARENT

Great job on all your hard work! Now, it's time to wrap things up for this section.

Ask your parent to sign the progress report on the next page to acknowledge all the fantastic effort you've put in. Once that's done, you're officially ready to move on to the next topic. Keep up the awesome work! 🌟
